

STATEMENT OF PURPOSE

RS23794

The purpose of this legislation is to eliminate a duplicative statutory requirement placed on irrigation ditch and canal maintenance and repair work. The provisions of Chapter 12, Title 42, Idaho Code require that such work be done in a manner so as to prevent damage or injury to the property or premises of others. This legislation would eliminate the duplicative requirement placed on canal and ditch maintenance and repair work by Idaho Code Section 54-1218.

FISCAL NOTE

This legislation has no fiscal impact.
